Program of the course

Topics of the lectures

Lecture classes within the discipline are not provided

Topics of the workshops

Topic 1. Physical education as an educational discipline

Workshops in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topic 2. Mastering means from specializations, development of motor skills.

Workshops classes in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topic 3. Consolidation of prominent professionally important qualities of specialists, improvement of basic physical and mental qualities, movement skills and abilities by means of specializations.

Workshops in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topic 4. Improving the technique of performing movements and physical exercises from specializations.

Workshops in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topic 5. Mastering advanced methods of increasing the training effect in workshops on specializations in sports and types of motor activity.

Workshops in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topic 6. Formation of an individual system of using convenient means and techniques for improving physical condition and rapid recovery in various types of motor activity.

Workshops in specializations (theoretical training, methodical training, physical training, control).

Control tests (physical fitness, special fitness).

Comprehensive sports competitions.

Topics of the laboratory classes

Laboratory classes within the discipline are not provided

Self-study

The student's self-study is the main means of mastering the educational material in the time free from compulsory educational classes on the basis of complete voluntariness and initiative or as a teacher's task (homework).

The student's self-study involves:

- physical improvement and self-education of the need for regular physical exercises;
- the ability to apply advanced methods and means of health-improving physical culture for disease prevention and health promotion through the implementation of physical culture and health-improving measures;
- the ability to develop psychophysical qualities in accordance with the specific requirements of professional activity

Assessment and grading

Criteria for assessment of student performance, and the final score structure

The main medical group

Types of educational activities	Number of events	Points
Attending educational classes	1 - 32	1 - 80
Control tests (for physical fitness; for sports specializations)	3 - 5	0 - 25
Participation in sports competitions	1 - 5	0 - 10
Encouraging points		

Special medical group

Types of educational activities	Number of events	Points
Attending educational classes	1 - 32	1 - 80
Methodological and practical standards, preparation of an essay, activity at seminars	1 - 5	0 - 15
Participation in the organization of mass sports events	1 - 5	0 - 10
Encouraging points		

Grading scale

Total points	National	ECTS
90-100	Excellent	A
82-89	Good	B
75-81	Good	C
64-74	Satisfactory	D
60-63	Satisfactory	E
35-59	Unsatisfactory (requires additional learning)	FX
1-34	Unsatisfactory (requires repetition of the course)	F

Norms of academic integrity and course policy

The student must adhere to the Code of Ethics of Academic Relations and Integrity of NTU "KhPI": to demonstrate discipline, good manners, kindness, honesty, and responsibility. Conflict situations should be openly discussed in academic groups with a lecturer, and if it is impossible to resolve the conflict, they should be brought to the attention of the Institute's management.

Regulatory and legal documents related to the implementation of the principles of academic integrity at NTU "KhPI" are available on the website: <http://blogs.kpi.kharkov.ua/v2/nv/akademichna-dobrochesnist/>
