About the Wildau-Kharkiv-IT-Bridge (WKITB)

Wildau-Kharkiv-IT-Bridge (WKITB) is a project in the DAAD programme "Ukraine digital: Ensuring academic success in times of crisis (2022)". WKITB aims to support Ukrainian lecturers and students by providing a digital teaching and learning platform. It brings together 60 lecturers from eight universities in Kharkiv in the field of IT with thousands of students from all over Ukraine.

Data Mining

Credit Points: 3 ECTS

Study program(s): 122 Computer science

This module gives general information about the basics of Data Mining methods, based on Machine Learning including preprocessing, clustering, classification and regression tasks with examples of those method using Python 3.

Professor Iryna Perova
Kharkiv National university of Radio Electronics
