Monday (December 8, 2025)		10:00 Consultation. Mobile Communication Systems (Kompaniets)		10:00. The latest magnetic semiconductor materials and devices. Consultation	9:00 Консультація. Програмування та підтримка 12:35 Консультація. Математична статистика
Tuesday (December 9, 2025)		10:00 Exam. Mobile Communication Systems (Kompaniets)		10:00. The latest magnetic semiconductor materials and devices. Exam	10:00 Програмування та підтримка Web застосунків Хорошун А.С.
Wednesday (December 10, 2025)				8.30 Application software (Minakova). Consultation	
Thursday (December 11, 2025)	9:00 Consultation. Mathematical Analysis (Dzyubak)	10:00 Consultation Design and Administration of Computer Networks (Tolkachov)	8.30 Efficiency and quality of architectural solutions of information systems (Khoroshun). Consultation 12:00 Methods of geometric modeling of complex systems and processes (Vorontsova)	10.00 Application software (Minakova). Exam	9:00 Математична статистика Ларін О.О.
Friday (December 12, 2025)	9:00 Exam. Mathematical Analysis (Dzyubak)	10:00 Exam Design and Administration of Computer Networks (Tolkachov)	10:00 Efficiency and quality of architectural solutions of information systems (Khoroshun). Exam	12:00 Solid state physics. Consultation	10:00 Консультація Методи оптимізації
Monday (December 15, 2025)	12.00 Algorithmization and programming (Breslavsky) . Consultation	10:00 Consultation Methods of Information Transmission and Distribution in Telecommunication Systems and Networks (Shyman)	8:30 Consultation. Polymodel data storage and processing systems (Hroshevyi) 10:25 Consultation. Modern methods of mathematical and computer modeling (Larin)	10:00 Solid state physics. Exam	9:00 Методи оптимізації Сімсон Е.А.
Tuesday (December 16, 2025)	12.00 Algorithmization and programming (Breslavsky) . Exam	10:00 Exam Methods of Information Transmission and Distribution in Telecommunication Systems and Networks (Shyman)	8:30 Exam. Polymodel data storage and processing systems (Hroshevyi)	10:00. Basics of scientific research. Consultation	10:00 Консультація Кросплатформне програмування
Wednesday (December 17, 2025)	13:00 Consultation. Analytical geometry (Linnyk)		9:00 Exam. Modern methods of mathematical and computer modeling (Larin)	10:00. Basics of scientific research. Exam	10:00 Кросплатформне програмування Бородін М.А.

Thursday (December 18, 2025)	14:00 Exam. Analytical geometry (Linnyk)	10:00 Consultation Fundamentals of CISCO Industrial Certification (Tolkachov)	9:30 Consultation Algorithms and models of data collection, analysis and visualization	8:30 Consultation. Radio engineering systems in physical research (Minakova)	10:00 Консультація Математичні методи
Friday (December 19, 2025)		10:00 Exam Fundamentals of CISCO Industrial Certification (Tolkachov)	10:00 Exam Algorithms and models of data collection, analysis and visualization	8:30 Exam. Radio engineering systems in physical research (Minakova)	9:00 Математичні методи теорії штучного інтелекту Успенський В.Б.
