# ЗАТВЕРДЖУЮ

## Освітня програма "Інтелектуальний аналіз даних"

**Ректор НТУ "ХПИ"**

о (бакалавського) рівні-3 галузі знань **11** Математика та статистика  
(рівень вищої освіти) (шифр і назва галузі знань)

|                       |                                        |
|-----------------------|----------------------------------------|
| <b>Кваліфікація</b>   | бакалавр з<br>прикладної<br>математики |
| <b>Строк навчання</b> | 3 роки 10 місяців                      |
| <b>на основі</b>      | повної середньої освіти                |

**Євген СОКОЛ за спеціальністю**

"10" липня

**Форма навчання** денна

### 1. Графік навчального процесу

[illegible]

**Позначення:**

Теоретичне навчання

С Екзаменаційна сесія навчання

Практика

**Д** Підготовка  
кваліфікаційної  
роботи

### 3 Запіковий тиждень

**К** Канікули

А Атестація

### III. Зведені бюджети часу (у тижнях)

| Курс  | Теоретичне навчання | Екзамен. сесія | Практика | Атестація | Виконання дипломної роботи | Канікули | Всього |
|-------|---------------------|----------------|----------|-----------|----------------------------|----------|--------|
| I     | 32                  | 8              |          |           |                            | 12       | 52     |
| II    | 32                  | 8              |          |           |                            | 12       | 52     |
| III   | 32                  | 8              |          |           |                            | 12       | 52     |
| IV    | 26                  | 6              | 4        | 1         | 1                          | 3        | 43     |
| Разом | 124                 | 30             | 4        | 1         | 1                          | 39       | 199    |

### III. Практика

|               |                          |         |
|---------------|--------------------------|---------|
| Вид практики  | Тривалість<br>(у тижнях) | Семестр |
| Переддипломна | 4                        | 8       |

#### IV. Атестація

| Заходи                            | Кількість кредитів ECTS | Семестр |
|-----------------------------------|-------------------------|---------|
| Підготовка кваліфікаційної роботи | 3,0                     | 8       |
| Захист кваліфікаційної роботи     | 3,0                     |         |

## У ППАН НАВЧАЛЬНОГО ПРОЦЕСУ

| Шифр за ОП | Назва навчальної дисципліни | Розподіл за семестрами                    |        | Кількість кредитів ECTS |                         |            |        | Кількість годин |           |                   |                  | Розподіл аудиторних годин на тиждень та кредитів ECTS за семестрами |      |      |      |      |      |      |              |     |     |     |     |     |     |     |                  |     |     |     |     |     |     |     |              |     |     |     |     |     |     |     |                  |     |     |     |     |     |     |     |              |     |     |     |     |     |     |     |                  |     |     |     |     |     |     |     |              |     |     |     |     |     |     |     |                  |     |     |     |     |     |     |     |              |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |     |
