Program of the course

Topics of the lectures

Topic 1-2. Theoretical aspects of Leadership in the modern management paradigm.

Essence and emergence of leadership. The types of leadership are autocratic, bureaucratic, transactional, democratic, laissez-faire, charismatic, transformational, and servant.

Topic 3-4. Charismatic Leadership Emotional Leadership Styles

The form of professional guidance or management built on a foundation of strong communication skills, persuasiveness, and maybe even a little bit of charm to help them get the most out of everyone that works for them. Four of these styles (Visionary, Coaching, Affiliative, and Democratic) promote harmony and positive outcomes. However, the other two (Commanding and Pacesetting) may create tension and you should only use them in specific circumstance

Topic 5-6. Crisis leadership

Early recognition. Crises with a gradual progression can be challenging to recognize before they impact an organization. Bounded optimism. Transparent communication. Establishment of priorities. Willingness to seek additional support. Adaptability.

Topic 7-8. Communication skills of the leader. The art of persuasion. Work as a leader with a team
Persuasion is someone's ability or capacity to do something or think in a way that suits what you need to want. It's a fundamental skill in all areas of life, but especially important in business and leadership. Persuasion is the art of making others feel motivated and inspired to act in accordance with the leader's ideas.

Topic 9-10. Leadership Ethics. Methods of research and development of leadership potential of managers.
The actions and behaviour of leaders and the personality and character of leaders. Respond effectively to questions and challenges, and engage in the interactions that occur throughout the work day.

Topic 11-12 Basic structural characteristics conflict.

Is there overwhelming stress? Is the conflict simple or complex? How important is the topic to each person in the situation?

Topic 13-14. Conflicts in organizations.

Organizational conflict is not based on personal values; it occurs due to dynamic changes within the structure of the organization. When these dynamics are neglected, they generate conflict within the organization. Any organization reunites groups of individuals with different personalities, job outlooks, education, systems of values and different behaviors.
