Student Advocacy | Шаги для роста

Программа Autodesk Student Advocacy позволяет студентам **получать признание через эксклюзивное сообщество**, которое **связывает их** со сверстниками и профессионалами отрасли.

Что такое Autodesk Student Expert?

- Autodesk Student Experts и Autodesk Student Ambassadors – это **активные фаны технологий Autodesk**, которые *ho are* влюблены в проектирование и инженерию.
- Эксперты объединяются с единомышленниками и несут свои знания и опыт в массы на мероприятиях.
- Expert статус дает студентам **доступ к неким бонусам** – включая возможность сотрудничать с профессионалами в индустрии и показывать свои навыки, что важно для будущей карьеры.
- Student Experts могут также стать Student Ambassadors и **получать приглашения** на эксклюзивные мероприятия Autodesk, пилотные/бета проекты, и учебные семинары.

Autodesk Student Expert Network | Регистрация

<http://www.autodesk.com/studentexperts>

The screenshot shows the Autodesk Student Expert Network homepage. At the top, there is a navigation bar with links for LEARN, TEACH, PORTFOLIOS, COMMUNITY, INSPIRATION, ABOUT US, and PROFILE. A 'LOG OUT' button is also present. The main header features the text 'Enjoy the benefits of being an expert' and a sub-header: 'Being a Student Expert means you'll be connecting with peers and industry professionals and promoting your technical skills and leadership talents. Join the elite group of students who are the future of making things.' A 'JOIN NOW' button is highlighted with a dashed yellow box. Below this, there is a breadcrumb trail: 'Home > Community > Student Expert Network'. The main content area is titled 'What is an Autodesk Student Expert?' and includes a 'View' button and a '141' indicator. The text describes the benefits of being a Student Expert, such as networking with industry professionals and showcasing skills. An image of a workshop is shown. Below the text, there is a section titled 'Join the Autodesk Student Expert Network' with a sub-header: 'If you are ready to learn new skills, build important relationships, and gain practical experience, then it's time to embark on your path to becoming an Autodesk Student Expert. Start by entering the Student Expert Orientation.' A 'GET STARTED' button is highlighted with a dashed yellow box. At the bottom, there is a section titled 'Take control of your career path' with the text: 'Start by deepening your skills and then build status as you attend events or host activities. Along the way, you will benefit from job and career guidance and networking opportunities.'

Student Expert Achievement Guide

Student Experts have many opportunities to shine. Here are a few ways you can showcase your skills and build your résumé. For additional information, please download the [Student Expert Achievement Guide](#)

Student Expert Orientation Activities

- Participating in a relevant Autodesk competition or challenge
- Attending a workshop from an educator, partner, Autodesk or other Student Expert
- Attending an Autodesk hosted event
- Participation in the Design for Autodesk program
- Earning e-learning certificate from the Design Academy, CADLearning, Lynda.com or Udemy
- Taking part in an Autodesk survey
- Attending an Autodesk "Designathon" event
- Taking part in official Autodesk beta testing
- Attending an official Autodesk webcast

Student Expert Activities

- Competition/challenge – winner (earning 1st to 3rd place in an Autodesk competition)
- Team member – F1 in Schools, VEX Robotics, WorldSkills
- Autodesk event – presenting
- Workshop – tutoring
- Workshop – hosting help desk
- Autodesk event – booth work
- Achieving a ranking "i6 Contributor" ranking on the Autodesk Community
- Designathon – winner (earning 1st to 3rd place in an Autodesk "Designathon" event)
- Position – Autodesk BIM Champion
- Position – Autodesk Fusion Champion
- Position – Campus Lead

Student Ambassador Activities

- Position – Autodesk Content Creator
- Autodesk event – hosting / coordinating
- Workshop – hosting
- Achieving a "i6 Advocate" ranking on the Autodesk Community
- Designathon – hosting / coordinating
- Position – ATC instructor
- Position – Autodesk Certified Instructor (passing the official ACI training)
- Position – Autodesk Fusion Catalyst (hired as a Autodesk Fusion Catalyst intern)
- Position – Autodesk intern

Certifications

- Autodesk Certified User
- Autodesk Certified Professional
- Building Performance Analysis Certificate

Thank You AUTODESK for this lovely kit. This kind of gesture from AUTODESK has made students realise that they are doing something really good and has motivated them to do better and better.
One person who deserves special mention is Mr. Bjorn Wittenberg who has really been working hard to reach up to the students worldwide. Thank you so much.

Student Expert / Ambassador | Бесплатный Voucher

В вашем профиле

Autodesk Student Experts

Thank you for your interest in Autodesk certification. Please complete the form to receive one Autodesk Certified Professional or Autodesk Certified User certification exam voucher.

Autodesk Certified Professional certification is a credential for advanced and professional Autodesk software users who possess at least 400 hours of real-world Autodesk software experience.

Autodesk Certified User certification is an excellent way for individuals with approximately 40 hours of real-world Autodesk software experience to validate their software skills.

The voucher code is good for one exam of your choice and will expire six months after it is requested.

Internships with non-profit organizations

Make a difference this summer 2019!
Apply for a paid internship with a global nonprofit organization using design to create a better world. This program is supported by the Autodesk Foundation and offered exclusively to Autodesk Student Experts and Autodesk Student Ambassadors.
(Requirement: Enrollment in the [Autodesk Student Expert program](#) prior to the internship commencing)
Currently you find 6 opportunities. More will come soon. (update 11. February 2019)

Build Change - BIM Design Innovation Intern - Kathmandu (Nepal)

- Timing: May to August 2019 (any 10 weeks)
- submission until: 17th March, 2019
- Software: Revit, Dynamo

Founded in 2004, Build Change is an award-winning, innovative international nonprofit social enterprise whose mission is to save lives in earthquakes and hurricanes. We do that by designing disaster-resistant houses and schools; training homeowners, builders, engineers and government officials to build them; working with governments to develop and implement building

D-Rev designs - Electromechanical Engineering Intern - San Francisco (USA)

- Timing: 12 weeks (Summer 2019)
- submission until: 10th March, 2019
- Software: Fusion 360, Inventor

At D-Rev we believe good health is a human right. The need for quality healthcare spans the economic spectrum. Regardless of where you are from and what you do, health is critical to well-being, productivity, and autonomy. We exist to design and deliver medical technologies that close the quality healthcare gap for underserved populations. We are a portfolio design company that

MASS Design Group - Design Technology Intern - Kigali (Rwanda)

- Timing: June - August 2019 (3 months is flexible)
- submission until: 15th March, 2019
- Software: Revit, AutoCAD Map 3D, Civil 3D

MASS Design Group is a non-profit organization that uses design to make improvements in health care, education, housing, and the natural environment. Working in challenging terrain, with little information, solving big problems with little resources. MASS began 2008 during the design / building of the Butaro District Hospital in

Software Engineer, Additive Manufacturing

Autodesk is seeking to hire a Software Engineer who is excited about 3D Printing and willing to join us for the journey of building up an optimized / completed software solution for industrial additive manufacturing. You will work closely with team members in Shanghai, the US and Germany to develop the optimized additive manufacturing solution. You must be a strong team player and self-motivated.
